

Rising Beyond Borders

Website Specification — Document 03

ABOUT US — MASTER SPECIFICATION

Document 03 defines the About Us experience from first principles. It expands the short homepage introduction into a clear organizational story without turning the page into an unsupported biography.

Source rule: The supplied RBB annual report and brand materials are the primary basis. Where they do not provide information, this specification uses an explicit RBB-content placeholder rather than inventing facts.

Important: RBB is presented as a non-profit for everyone. Do not introduce religious, political, country-specific or third-party organizational positioning that is not supplied by RBB.

1. About Us Page Goal

The About page should answer five questions:

- Who is Rising Beyond Borders?
- What does the organization believe it is trying to achieve?
- What are its mission and vision?
- What principles guide its work?
- Where can visitors learn more about people, governance and transparency?

The page should feel human, credible and transparent. It should not read like a corporate annual report pasted onto a website.

2. About Us Information Architecture

Order	Section	Purpose
01	Hero / Introduction	Orient the visitor and establish identity.
02	Who We Are	Expand the concise homepage introduction.
03	Mission & Vision	Present the supplied mission and vision clearly.
04	Our Values	Provide values only when RBB supplies/approves them.
05	How We Work	Connect purpose to sustainable change.
06	Our Team	Introduce verified leadership/team profiles.
07	Transparency & Governance	Point visitors toward accountability information.
08	About CTA	Guide visitors to Work, Impact or Get Involved.

3. Section 01 — About Hero

Eyebrow: ABOUT RISING BEYOND BORDERS

Heading: Who we are

Copy: Use supplied organizational positioning rather than inventing history.

Visual: One authentic RBB-approved image or neutral editorial placeholder.

CTA: Explore Our Work

4. Section 02 — Who We Are

Source-supported direction: The annual report describes RBB as a non-profit dedicated to empowering communities and creating sustainable solutions.

Recommended heading: Empowering communities. Creating sustainable solutions.

Do not add founding dates, registration information, geographic reach or beneficiary numbers here unless separately verified.

5. Section 03 — Mission & Vision

Mission: Empower vulnerable communities with resources, support and opportunities for sustainable growth and lasting change.

Vision: A world beyond borders where compassion unites people and every individual can thrive in a safe, inclusive and equitable society.

Present Mission and Vision as two distinct blocks. Do not merge them.

6. Section 04 — Our Values

Important: The supplied annual-report material does not provide an approved list of organizational values. Do not invent value pillars.

Heading: What guides our work

Current state: Values to be provided and approved by Rising Beyond Borders.

Build the UI as an editable values grid/list for future approved content.

7. Section 05 — How We Work

This section should connect RBB's purpose to sustainable change without presenting the homepage's proposed Listen → Partner → Act → Sustain framework as an official doctrine.

Heading: Creating change that lasts.

Foundation: The stated mission refers to sustainable growth and lasting change.

Detailed approach: Content to be provided/approved by RBB.

CTA: Explore Our Approach → /impact/our-approach

8. Section 06 — Our Team

Do not invent names, titles, biographies, photographs, credentials or social profiles.

Build a reusable data-driven component supporting name, role, bio, image and optional link.
